

SHERRY LIEBERMAN

4544 COLUMBUS STREET APT 901

VIRGINIA BEACH, VA. 23462

Dear David:

This is a long overdue letter, and for that, I apologize.

But here I am.

I thank you, and the staff in the Rehab Unit at Beth Sholom. Many of them were so kind, caring, helpful and wonderful. Wish I could name them all.

However, one stands out for me. Trish Bryant. Trish and I were together a lot as Trish tended to my awful wound. Trish was always professional and thorough with my care. I had a lot of trust in Trish's ability to care for me. Trish put me at ease a number of times.

I admire Trish, thank Trish and, I believe Trish deserves many accolades on my behalf.

I realize that I was a unique patient with several medical concerns in addition to not being mobile, which was a concern in itself. I know that you and your staff did not always know what to do for me or with me. But, we all survived and with a positive outcome.

Marcia Brodie was and is totally awesome. There were many days that her humor, kindness and attentiveness got me through the day. Marcia is a real asset to Beth Sholom Village.

The Beth Sholom Rehab Center's Rehab and Therapy Department is the best. Each staff member is to be commended for their outstanding ability to get patients up and moving no matter the body part needing rehab, and to do so with kindness, caring and concern. They stayed the course with each patient under their care. I would recommend this Rehab department to anyone.

Allison Whiteman and Sara Incheck are wonderful ladies who have so much patience and attentiveness to

the residents in the Terrace. Sara was a bright star for me when I was a patient.

I adore Stan and Dan even though I did not always enjoy some of the food served. They are awesome caterers who cook and display their foods so well.

I wish that I could mention everyone's names, but that is not possible. I had a fondness for so many.

David, you deserve such high praise and recognition for the job that you do. You are around and about the entire facility and always helping no matter the task. You make it all happen, and make it run smoothly. Your wonderful personality and the fact that you know your facility, has made Beth Sholom Village a good Home away from Home.

Continue your successful running of Beth Sholom and may all be good and prosperous for you and your staff.

Fondly,

Sherry Lieberman
